Troubleshooting
FY21 Graduation Reports

The Ohio Department of Education funds development of EMIS training materials as part of the EMIS Alliance grant. There is an expectation that ITCs will utilize these materials in training provided to your districts. That said, there are restrictions on use of the EMIS Alliance materials as follows: Materials developed as part of the EMIS Alliance program must be provided at no cost to your training participants. If you utilize the EMIS Alliance training materials – in whole or in part – you must not charge participants a fee to attend the class where the materials are used. Likewise, you may not use the materials or any portion thereof in any event where a fee is charged to attend. Exceptions must be approved in writing by the Department of Education in advance of scheduling/promoting any event which may violate these restrictions.

Questions regarding appropriate use of EMIS Alliance materials, or requests for exception to the restrictions noted above, should be directed to Melissa Hennon [Melissa.Hennon@education.ohio.gov].

Outline

- Overview of Reports and Requirements
- Grad Issues – Please Review Report
- Newly Assigned to Grad Cohort Report
- Graduation Cohort Pathway Reports
- Grad Cohort Year Status Reports
- Graduation Gen Issues Reports
- CTE Grad Cohort Reports

Overview

- Graduation Reports
  - Generated using EMIS data reported by traditional districts, JVSDs, community schools, and STEM schools
  - Used to verify students have met certain graduation requirements as expected
  - Available to LEAs who report graduates through the Graduate Collection
    - Note that JVSDs have a Graduation Collection through which they will receive some graduation related Level 2 reports
- This presentation will focus on troubleshooting the reports to verify graduation data

Graduation Reports

- Can be used to verify –
  - Student graduation cohort placement
  - Withdrawal and diploma dates
  - Graduation pathway data (not all pathways)
  - Graduation accountability data
- Graduation reports do not contain all data reported for graduates
- Graduation data not contained within the reports should be verified for accuracy and completeness

Class of 2021 Graduation Requirements

Graduation requirements and options

- are extensive and go beyond the scope of this training
  - We will discuss specific parts of graduation requirements and options that are included as part of the current graduation reports
- can be found by searching the ODE website for "Class of 2021 Graduation Requirements" or at this link
  - http://education.ohio.gov/Topics/Ohio-s-Graduation-Requirements/Earning-an-Ohio-High-School-Diploma-for-the-Cl-2

Prepare the Report

Prepare your report for analysis

- Select header row and wrap text
- Freeze top row
- Justify column width
- Apply filters
- Better yet, use your macro!
- Use VLOOKUP to add names to Received Files
- See prior year versions of this presentation for step-by-step instructions
  - https://community.mcoecn.org/display/EM/EMIS+Alliance+Public+Space

Quick Check

Students in the class of 2021 have multiple ways to meet graduation requirements. EMIS data will be used to determine which pathway(s) the student meets. The graduation reports will aid in determining if EMIS data has been reported correctly.

- What are your district's graduation requirements?
- Who is monitoring student pathway progress?
- Who in your district do you work with to validate this data?

Grad Issues Report

Grad Issues Report

- Level 2 Report in the Graduate Collection
- Contains Result Codes that identify specific situations that should be reviewed
- Includes students from any current cohort report
  - 4-year 2021 - and 5-year 2020 cohorts
  - DORP schools – 6-year 2019, 7-year 2018, and 8-year 2017
- In the next series of slides, we will filter on and discuss each result code

Grad Issues Report

Seven result codes

- A student can generate more than one result code

Diploma Date Element Definition

EMIS Manual 2.6 Student Attributes No Data (FN) Record

- The date that students completed graduation requirements and finished formal secondary education
- In most cases, the diploma date will be the last day of school for seniors
- For students with disabilities, the diploma date is the date that students completed their IEP goals and received a Free Appropriate Public Education (FAPE).

Diploma Date – EMIS Newsflash July 1, 2020

Diploma Date Element Clarification (From the Newsflash)

- To count in the FY20 graduation rate, a student's Diploma Date must be prior to the earliest first day of school being reported on a district's FY21 calendars
- Given the ordered school building closure this spring, many districts are planning delayed ceremonies that will ultimately take place after the earliest first day of school for the coming school year
- To clarify the reporting of this element, the Diploma Date reported should not be the date that students receive their physical diplomas
- The Diploma Date reported should be the date that students completed graduation requirements and finished formal secondary education. In most cases, that will be the last day of school for seniors

Diploma Date Clarification

EMIS Change - 21-95 Grad Jun #2

- Determine criteria/logic for setting the Grad Calendar for accepting diploma dates
- Current rules are to allow graduates from the first day of school up to the day before the start of the next school year (using the earliest start date of all the calendars reported for a district); this data is loaded into REF_ORG_CAL and is used throughout the Graduation manifest
- This can create issues for year-round schools as well as districts with a building or two that starts significantly earlier than the bulk of the district
- This change is to more clearly define the date used to set the grad calendar
- First posted: 10/13/20

Diploma Date Clarification, cont’d

- Per ODE-
  - The rule is to use the date that is one day before the date when at least 50% of the schools become “open”
  - Example, If a district has 10 schools and one opens in July and all the others open August 15th, it’s August 15th when they hit at least 50% being open, and thus the day before (August 14th) is the last day a student could graduate and be counted as being ‘on time’
- Verify that students are counting in the graduation rate as expected

FY21 Graduation Flexibility

- The window of flexibility granted to school districts and graduating students to complete graduation requirements extends through September 30, 2021
- Students in the cohort class of 2021 must graduate prior to the first day of school for 2021-2022 to be considered an on-time four-year graduate
  - Example - A student in the cohort class of 2021 graduates between the first day of school for 2021-2022 and September 30, 2021, under this flexibility and will not be considered an on-time four-year graduate. They will be considered a five-year graduate.

Filter by Result Code

Filter on Result Code GR4001 –

- Diploma reported but no 99-withdrawal code reported (Informational)
  - Is the student a graduate and the reporting of a diploma is correct?
  - If not, remove the diploma date
  - If yes, then see the following steps to troubleshoot
  - For the following examples, End of Year Student Collection (FY21) is closed and Beginning of Year Student Collection (FY22) or SOES Beginning of Year Student Collection (FY22) are open

Filter by Result Code, cont’d

- Student withdrew on or before the last day of school for 20-21 and a withdrawal code of 99 was not reported
  - Cannot report a Student Withdrawal Override (FC) record in 21G with a code of 99
    - FC record in Graduate Collection can only be used with withdrawal codes 40, 42, 43, 45, 46, 48, 51, 52, 81
  - Report a Student Withdrawal Override (FC) in 22S
    - Will clear the student from the Missing Student report in 22S
    - Will also clear up the GR4001 result code
- Student is a summer graduate, after the last day of school for 20-21 and before the first day of school for 21-22
  - Report the student’s withdrawal in FY22S

Filter by Result Code, cont’d

Another situation that could cause the GR4001 result code

- The diploma is reported, and the student has been withdrawn but the withdrawal code is not a 99
- Example: The student dropped out in February and was withdrawn with a 7x withdrawal code
    - The student shows up at the end of school and asks the district to accept credit for online classes the student took from a non-EMIS entity after the student dropped out
    - The district gives credit for the courses and issues the student a diploma
    - The district would report the student as a graduate but would not change the withdrawal code, so there would not be a 99-withdrawal code reported

Filter by Result Code, cont’d

Filter on result code GR4002

- Diploma not issued by accountable district (Informational)
- Could be special education cooperative student
    - Diploma reported by educating district
    - Student accountable at resident district
- Could be a DORP school student in the 6, 7 or 8-year cohort who didn’t graduate
- Verify the data for accuracy

Filter by Result Code cont'd

Filter on result code GR3002

- Student does not meet any pathway – See Pathway Flags (Warning)
  - This check is looking at a file that is created when the Grad Cohort Pathway reports are updated in Received Files
  - Grad Cohort Pathway Reports are not updated nightly
  - Only looks at the Ohio's State Test Pathway, the College and Career Readiness Test Pathway, and the Industry-recognized credential and score on Workforce Readiness Test Pathway

Quick Check

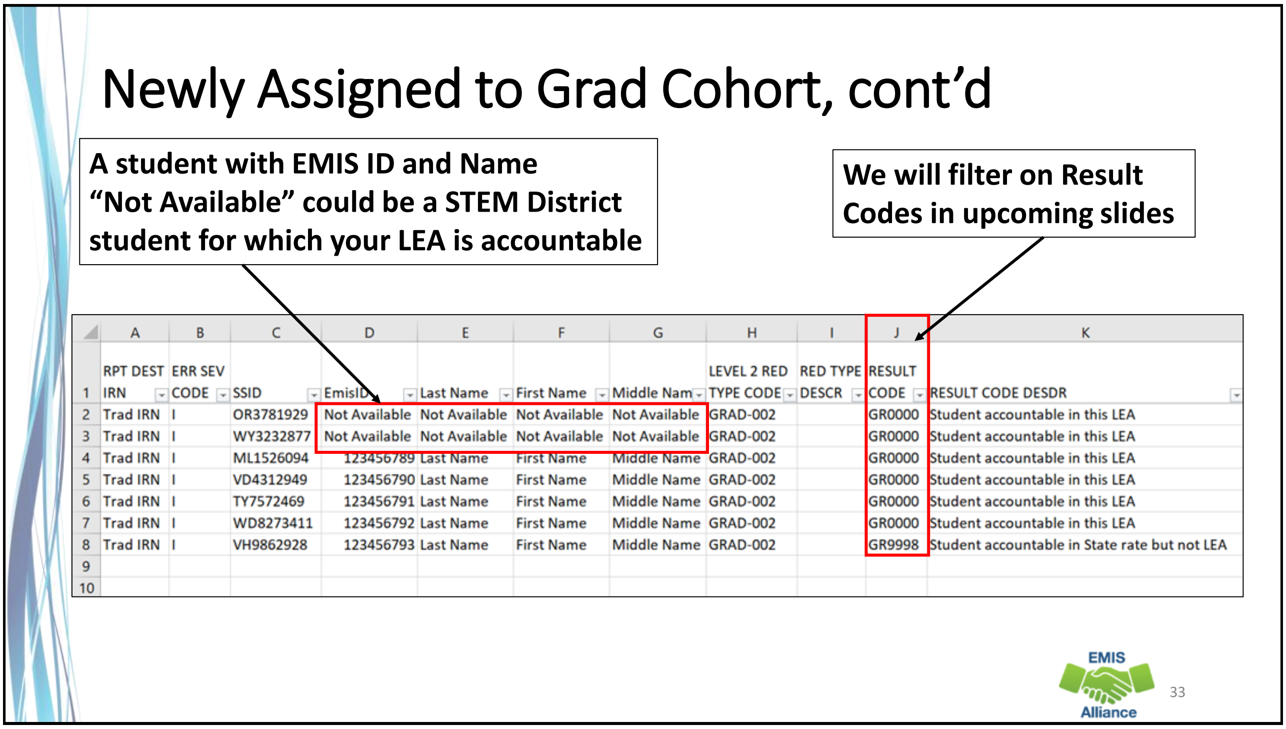
The Grad Issues report provides checks that can be used to verify graduation data. The report should be reviewed often as it is updated nightly and could change based on another LEA's reporting.

- Have your graduates been reported with correct diploma dates and withdrawal dates?
- Have you investigated each student on the report to verify data accuracy?
- Are you saving your work between report reviews?

Newly Assigned to Grad Cohort Report

Newly Assigned to Grad Cohort Report

- Contains students that are being assigned to a graduation cohort during the first year they are assigned to any cohort
- For FY21, students on the report would not have been in any graduation cohort for any district prior to FY21
- Was previously available in the End of Year Student Collection and is now included in the Graduate Collection
- Important to review while data collections are open if corrections need to be made
- In some cases, a student's placement into an incorrect cohort can be appealed depending on timing of data reporting and appeals



Newly Assigned to Grad Cohort, cont'd

A student with EMIS ID and Name "Not Available" could be a STEM District student for which your LEA is accountable

Filter on Result Codes

- Verify that all newly assigned students are appearing on the report as expected
- Filter on Result Code GR0000 – Students who appear in the denominator for the district in their graduation cohort
  - Verify the newly assigned students to be in the correct cohort
  - Update EMIS data if appropriate and when collection is still open

Filter on Result Codes, cont'd

- GR9998 - Students who count at the state level
  - Examples are Autism and Jon Peterson Scholarship students, and students who are placed into institutions (How Received P or T)
- GR9999 – Students who have exited the cohort
  - Example would be a student who moved out of state or withdrew to a non-public school
- GR9997 – Students who have been reported in the current year, but are not accountable at your district or students for whom your district was accountable last fiscal year, but for whom your district is not accountable this year

Another Way to Check Cohort Assignments

- Review Level 2 Graduation Reports
  - (GRAD-421) 2021 – Grad Cohort – 4th Year Status
  - (GRAD-422) 2022 – Grad Cohort – 3rd Year Status
  - (GRAD-423) 2023 – Grad Cohort – 2nd Year Status
  - (GRAD-424) 2024 – Grad Cohort – 1st Year Status
  - (GRAD-520) 2020 – Grad Cohort – 5th Year Status
- See columns in the bullets below to show all assignments and not just those who are newly assigned
  - Cohort Year
  - Add Cohort By GRAD Event Code

Quick Check

The Newly Assigned to Grad Cohort report can be very helpful in identifying students who have been assigned to a cohort during the current fiscal year. This can provide opportunities to make data corrections, or to file an appeal depending on timing.

- Can you verify that the cohort placements are correct for the students listed on the report?
- Are all students appearing on the report as expected?
- Are there any incorrect cohort assignments and can the data be changed, or appealed?

Graduation Cohort Pathway Reports

Class of 2021 Graduation Pathways

Grad Cohort Pathway Reports look at three specific pathways

- Ohio’s State Test Pathway
  - Assessments, Substitute tests, Graduation Exemption (FE) Records
- College and Career Readiness Tests Pathway
  - Assessments
- WorkKeys and Industry Credential Pathway
  - Assessments

Assessments used in Pathway Reports

- Report all assessments that students took
  - AC – American College Testing Assessment (ACT)
  - AP – Advanced Placement Assessments*
  - GE – End of Course Tests
  - GW – Industry Credential
  - GX – High School Alternate Assessment (OGT)
  - IB – International Baccalaureate Assessment*
  - WK – WorkKeys Assessment
  - SA – Scholastic Aptitude Test
- Report substitute tests that are used in the Ohio's State Test Pathway
  - GE – End of Course Tests (Manually entered)

  * Some subject specific AP and IB assessments are also considered to be substitute tests

2021 Graduation Cohort Pathway Reports

Three pathway reports and two assessment detail reports

- All five reports contain the same students (could be sorted differently)
- Updated about once a month beginning in late spring of the cohort graduation year and will be updated more frequently through the end of the graduate collection
- Indicate met or not met for a specific pathway
- Include assessments reported by any LEA
- Do not contain students who most recently tested with an Alternate Assessment
- Do not calculate total points for students who have any transfer credit reported (SNR = Y)
  - Those students will appear on the detail reports with information, but all totals on the pathway report will appear as blank

Ohio's State Tests Pathway Substitute Tests

Substitute tests

- See specific information as to timelines, subjects and graduation points for substitute tests at
  - http://education.ohio.gov/Topics/Ohio-s-Graduation-Requirements/18-Points-on-State-Tests
- It is recommended that you consult the EMIS Manual and the ODE website for details regarding the reporting of substitute tests

Graduation Points

- After the cohort year column, the next 9 columns contain graduation points earned by subject
- Graduation points are calculated from actual assessments taken, substitute tests, and graduation exemptions that are reported to EMIS
- When both a substitute test and an actual test taken are reported to EMIS, the higher score will be used on the pathway reports

2021 GRAD Cohort EOC Asmnt Detail

Contains EOC assessment data by subject

- Assessments that were actually taken by students
- Highest score and graduation points earned
- Assessment date and test type
- Alternate assessment students are not included
- Assessments can appear that were reported by another LEA

2021 GRAD Cohort Non EOC Pts Detail

Contains data from Substitute Tests

- Highest score and graduation points earned
- Substitute tests included on the report
    - EOC assessments (GE) with Score Not Reported reasons of W, X, and 2
    - ~~Ohio Graduation Test Alternate Assessment (GX) with Score Not Reported reason of W~~
    - ~~CTE Technical Assessments (GY) with a Score Not Reported reason of X~~
    - AP or IB exams reported

2021 GRAD Cohort Non EOC Pts Detail, cont'd

Contains assessment data for students with disabilities who have been exempted from the consequences of the EOC

- Student Special Education Graduation Requirement (FE) Record must be reported
- Report assessments that the student takes or was required to take and did not test
- Three graduation points will be awarded for each area of exemption where the student attempts the EOC and whose score earns less than three points

2021 GRAD Cohort Non EOC Pts Detail, cont’d

- Based on the highest number of graduation points earned via a substitute test or a special education exemption, the maximum graduation points for each assessment area will be included on the report
- Assessments can appear that were reported by another LEA
- Not all substitutes apply to all subject areas

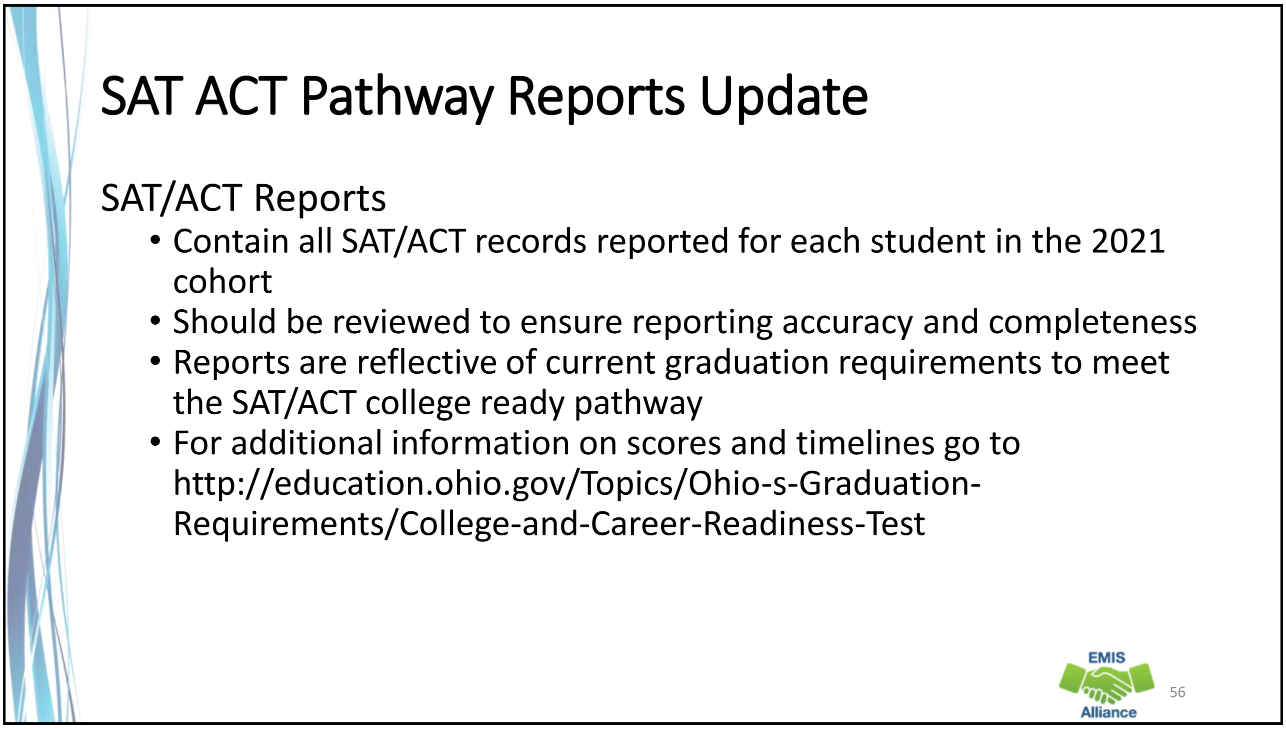
College and Career Readiness Tests Pathway

2021_GRAD_Cohort_SAT-ACT_Path_Req_stat_2021XXXX.xls

- Contains highest score earned across all administrations of the ACT or SAT
- Scores must come from either the ACT or the SAT and cannot be a combination between both tests
- ACT test scores are used for Reading, Math, and English
- SAT test scores are used for Reading, Math, and Writing
- Remediation free scores will be indicated on the report as “YES”
- If no points have been reported in an assessment area, the data for that student in that assessment area will be blank
- When a pathway is met for ACT or SAT, the report will indicate “YES”



SAT ACT Pathway Reports Update

SAT/ACT Reports

- Contain all SAT/ACT records reported for each student in the 2021 cohort
- Should be reviewed to ensure reporting accuracy and completeness
- Reports are reflective of current graduation requirements to meet the SAT/ACT college ready pathway
- For additional information on scores and timelines go to http://education.ohio.gov/Topics/Ohio-s-Graduation-Requirements/College-and-Career-Readiness-Test

Industry Credential and Workkeys Pathway Report

Contains all Workkeys and Industry Credential records reported for each student in the 2021 cohort

- Report all assessment scores received
- Reports are reflective of current graduation requirements to meet this pathway
- Review to ensure reporting accuracy
- For more information on this graduation pathway including graduation flexibility, go to http://education.ohio.gov/Topics/Ohio-s-Graduation-Requirements/Industry-Recognized-Credentials

2021 GRAD Cohort WK Ind Cred Path Req Stat

- Contains the highest score from the Workkeys assessment
- Contains Industry Credentials earned
- Student must meet remediation free score of 14 on the Workkeys exam (at least three points in each subject area)
  - AND obtain 12 points for industry credentials in a single career field
- Assessment data for a student on this report will be blank if not earned or reported
- Last column will contain a Yes or No value to indicate this pathway as met or not met

EMIS Alliance

Quick Check

Graduation reports contain EMIS data that is used to determine if the student has met one or more graduation pathways. The data should be reviewed now to look for additional EMIS data that still needs to be reported.

- Are all expected 2021 cohort students appearing on the pathway reports?
- Is there EMIS data missing from the report that needs to be reported?
- Are these reports being shared with others in the district to verify accuracy and completeness of the data?

EMIS Alliance

Grad Cohort Year Status Reports

Graduation Cohort Year Status Reports

- Reflect the status of students who have been assigned to a specific graduation cohort for graduation rate purposes
- Contain student graduate data that should be verified for accuracy and completeness
- Contain numerator and denominator data of the graduation rate for that cohort
- Contain flags to indicate passage of graduation pathways
  - Pathway data comes from the Cohort Pathway Reports in Received Files which are not updated nightly

Graduation Rates and the LRC

2021 four year and 2020 five-year graduation rates will appear on the 21-22 Local Report Card (LRC)

- 2021 four-year graduation rate uses a denominator of students for which the district is accountable and a numerator of on time graduates
- 2020 five-year graduation rate uses a denominator of students for which the district is accountable and a numerator of four year on time graduates plus students who graduated within five years

Graduate Collection Level 2 Reports

- For LEAs Reporting Graduates
  - (GRAD-421) 2021 - Grad Cohort - 4th Year Status
  - (GRAD-422) 2022 - Grad Cohort - 3rd Year Status
  - (GRAD-423) 2023 - Grad Cohort - 2nd Year Status
  - (GRAD-424) 2024 - Grad Cohort - 1st Year Status
  - (GRAD-520) 2020 - Grad Cohort - 5th Year Status
- For Dropout Prevention and Recovery (DORP) Schools Only
  - (GRAD-619) 2019 - Grad Cohort - 6th Year Status
  - (GRAD-718) 2018 - Grad Cohort - 7th Year Status
  - (GRAD-817) 2017 - Grad Cohort - 8th Year Status

Where Students Count for Graduation

In the next series of slides, we will filter on each result code and discuss each situation

- Currently there are four result codes which indicate where the student will count for accountability measures
  - Count in a district
  - Count in a different district
  - Count at the state level
  - Not count in any district or at the state level

EMIS Alliance

Withdrawal Override (FC) Record

Student reported as withdrawn to another district but remains in the withdrawing district's cohort

- SSIDs whose withdrawal was reported with an incorrect date or reason in a prior school year, and SSIDs for whom the EMIS reporting entity has received new information since the withdrawal was reported which indicates that the withdrawal reason should be updated in order for the student to properly count within the longitudinal graduation rate
- Report a Student Withdrawal Override (FC) Record in 21G to report a correct withdrawal code
- Retain documentation to support this change

SSIDs and the Graduation Rate

- When a student moves from one LEA to another, the subsequent LEA must report the student with the same SSID as the prior district
- When a different SSID is reported by the subsequent LEA, the student will appear in both LEA graduation rates as he or she appears to be two different students
- If the prior district discovers that the withdrawn student remains in their graduation rate after their ability to report the student to EMIS has closed, they should delete (aka deactivate) their SSID on the SSID website and link it to the SSID being reported by the subsequent educating district

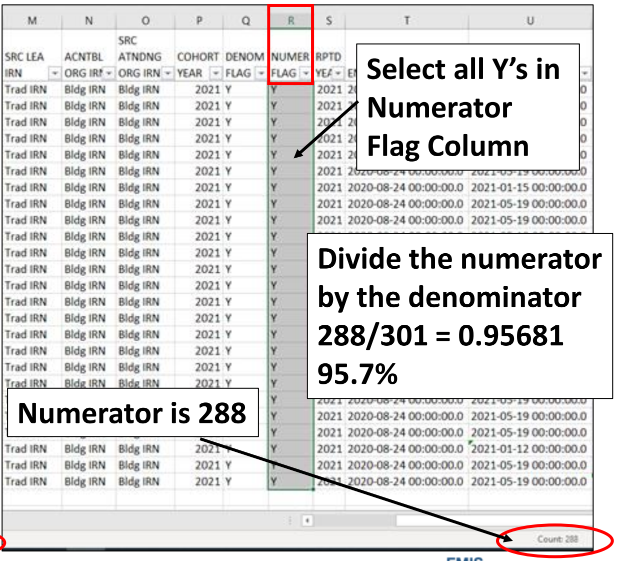
Select all Y's in Denominator Flag Column

Denominator is 301



Select all Y's in Numerator Flag Column

Numerator is 288

Divide the numerator by the denominator 288/301 = 0.95681 95.7%

Quick Check

Graduation Cohort Reports allow districts to verify cohort members and to calculate their graduation rate for current cohort and future cohorts. These reports should be reviewed carefully to verify that all students are counting correctly.

- Are the students counting in your graduation rate correctly?
- Are you able to calculate your graduation rate?
- Have you reported Withdrawal Override (FC) Records as needed?

Graduation Gen Issues Reports

Gen Issues for LEAs reporting Graduates

- Level 2 Reports in the Graduate Collection
- Appear only for the LEAs for which the check applies
- Typically, are generated 6 to 8 weeks prior to the end of the close of the collection and are generated once or twice per week
- Refer to the (GNIS-xxx) General Issues Report Explanation for additional information regarding these checks
- When a Gen Issues check appears, review the data and make corrections as appropriate. If the data is already correct, then ignore the check

Gen Issues 4yr and 5yr Checks

- Four checks on the 4YR Graduation rate and the 5YR Graduation rate
  - graduation rate is equal to zero
  - graduation rate is greater than or equal to 100%
  - graduation rate is appearing as a null value
  - graduation rate has changed 5% or more since the previous year
- Contact Adam Schiming for assistance if needed
  - adam.schiming@education.ohio.gov

Additional Gen Issues for DORP Schools

- Two checks on 6YR, 7YR, and 8YR Graduation rates for dropout recovery community schools
  - graduate rate is equal to zero
  - graduation rate has changed 5% or more since the previous year
- Contact Karlyn Geis for assistance if needed
  - karlyn.geis@education.ohio.gov

Quick Check

Gen Issues reports are generated by offices outside of EMIS. They are intended to help LEAs identify potential issues with their data. Investigate the issue and contact the appropriate ODE contact for assistance as needed.

- Are you receiving Gen Issues reports in your Graduate collection level 2 reports?
- Are you able to identify if the issue is just stating a fact or if further investigation is needed?
- Do you need to reach out to the ODE contact responsible for the Gen Issues check?

CTE Grad Cohort Reports

CTE Grad Cohort Reports – New for FY21

- Generated for traditional districts, community schools, STEM districts, and JVSDs
- Are very similar to the Grad Cohort Year Status reports and contain additional CTE related data
  - Unlike Grad Cohort Year Status reports, JVSDs receive these reports
- Contain students who met the definition of a CTE Concentrator by graduation cohort
  - Students appear as accountable or in some cases, not accountable to the LEA
  - Students appear as accountable at only one LEA
  - The CTPD has no bearing on who shows up on the reports
- Data will be used as part of the CTE Local Report Card

- Verify that all students are appearing as expected
  - Check additional EMIS elements are correct

CTE Grad Report Result Code CG9997

Filter on Result Code CG9997 (Informational)

- Student accountability moved to another LEA
- Student is a CTE Concentrator in the district, but the district is not the accountable LEA
- When a CTE Concentrator completes courses at more than one district during the school year, only one district is accountable for the CTE Grad measure
  - If a student is a CTE Concentrator in more than one district in the last year that the student is a CTE Concentrator there is a tie-breaker to determine which district is the accountable district
    - 1. Actual CTE FTE, then
    - 2. Student earned credit

Quick Check

CTE Grad Cohort reports are designed to assist LEAs in the verification of career tech concentrators who are part of graduation cohorts. The reports can be helpful to district staff beyond the EMIS Coordinator.

- Are you receiving CTE Grad Cohort reports in your Graduate collection level 2 reports?
- Have you verified that grad cohort CTE concentrators are appearing as expected?
- Have you verified that the accountability elements are accurate on the report?

Summary

- FY21 Graduation reporting closes October 15, 2021 and will be followed by an appeal period that begins October 18, 2021 through October 29, 2021
- Carefully review all graduation reports for accuracy and completeness
- Refer to and review grad cohort data in ODDEX as you troubleshoot graduation reports
- Contact your ITC for assistance
