EMIS
Alliance

The Ohio Department of Education funds development of EMIS training materials as part of the EMIS Alliance grant. There is an expectation that ITCs will utilize these materials in training provided to your districts. That said, there are restrictions on use of the EMIS Alliance materials as follows: Materials developed as part of the EMIS Alliance program must be provided <u>at no cost</u> to your training participants. If you utilize the EMIS Alliance training materials – in whole or in part – you must <u>not</u> charge participants a fee to attend the class where the materials are used. Likewise, you may <u>not</u> use the materials or any portion thereof in any event where a fee is charged to attend. Exceptions must be approved in writing by the Department of Education in advance of scheduling/promoting any event which may violate these restrictions.

Questions regarding appropriate use of EMIS Alliance materials, or requests for exception to the restrictions noted above, should be directed to Melissa Hennon [Melissa.Hennon@education.ohio.gov].

Overview

- Graduation Reports
  - Generated using EMIS data reported by traditional districts, JVSDs, community schools, and STEM schools
  - Used to verify students have met certain graduation requirements as expected
  - Available to LEAs who report graduates through the Graduate Collection
    - JVSDs will receive the Level 2 CTE Grad Cohort reports (CTGR-XXX)
- This presentation will focus on troubleshooting the reports to verify graduation data

Graduation Reports

- Can be used to verify –
  - Student graduation cohort placement
  - Withdrawal and diploma dates
  - Graduation pathway data (not all pathways)
  - Graduation accountability data
- Graduation reports do not contain all data reported for graduates
- Graduation data not contained within the reports should be verified for accuracy and completeness

Class of 2022 Graduation Requirements

Graduation requirements and options
- Are extensive and go beyond the scope of this training
  - We will discuss specific parts of graduation requirements and options that are included as part of the current graduation reports
- Can be found by searching the ODE website for "Class of 2022 Graduation Requirements" or at this link

Prepare the Report

Prepare your report for analysis

- Select header row and wrap text
- Freeze top row
- Justify column width
- Apply filters
- Better yet, use your macro!
- Use VLOOKUP to add names to Received Files
- See prior year versions of this presentation for step-by-step instructions
    - https://community.mcoecn.org/display/EM/EMIS+Alliance+Public+Space

Quick Check

Students in the class of 2022 have multiple ways to meet graduation requirements. EMIS data will be used to determine which pathway(s) the student meets. The graduation reports will aid in determining if EMIS data has been reported correctly.

- What are your district's graduation requirements?

- Who is monitoring student pathway progress?

- Who in your district do you work with to validate this data?

Newly Assigned to Grad Cohort Report

Newly Assigned to Grad Cohort Report

- Contains students that are being assigned to a graduation cohort during the first year they are assigned to any cohort

- For FY22, students on the report would not have been in any graduation cohort for any district prior to FY22

- Was previously available in the End of Year Student Collection and is now included in the Graduate Collection

- Important to review while data collections are open if corrections need to be made

- In some cases, a student's placement into an incorrect cohort can be appealed depending on timing of data reporting and appeals

Filter on Result Codes

- Verify that all newly assigned students are appearing on the report as expected

- Filter on Result Code GR0000 – Students who appear in the denominator for the district in their graduation cohort
  - Verify the newly assigned students to be in the correct cohort
  - Update EMIS data if appropriate and when collection is still open

Filter on Result Codes, cont'd

- GR9997 – Student accountability moved to another LEA
  - Example would be a student who transferred to another Ohio school district
- GR9998 - Students who count at the state level
  - Examples are Autism and Jon Peterson Scholarship students, and students who are placed into institutions (How Received P or T)
- GR9999 – Students who have exited the cohort
  - Example would be a student who moved out of state or withdrew to a non-public school

Quick Check

The Newly Assigned to Grad Cohort report can be very helpful in identifying students who have been assigned to a cohort during the current fiscal year. This can provide opportunities to make data corrections, or to file an appeal depending on timing.

- Can you verify that the cohort placements are correct for the students listed on the report?

- Are all students appearing on the report as expected?

- Are there any incorrect cohort assignments and can the data be changed, or appealed?

Grad Cohort Year Status Reports

Graduation Cohort Year Status Reports

- Reflect the status of students who have been assigned to a specific graduation cohort for graduation rate purposes
- Contain student graduate data that should be verified for accuracy and completeness
- Contain numerator and denominator data of the graduation rate for that cohort
- Contain flags to indicate passage of graduation pathways
  - Pathway data comes from the Cohort Pathway Reports in Received Files which are not updated nightly

EMIS Alliance

Graduation Rates and the LRC

2022 four year and 2021 five-year graduation rates will appear on the 22-23 Local Report Card (LRC)

- 2022 four-year graduation rate uses a denominator of students for which the district is accountable and a numerator of on time graduates
- 2021 five-year graduation rate uses a denominator of students for which the district is accountable and a numerator of four year on time graduates plus students who graduated within five years

Where Students Count for Graduation

In the next series of slides, we will filter on each result code and discuss each situation

- Currently there are four result codes which indicate where the student will count for accountability measures
  - Count in a district
  - Not count in any district or at the state level
  - Count at the state level
  - Count in a different district
- We will show how the student looks in ODDEX as we look at each result code

Result Codes and the Graduation Rate

Count in this LEA's graduation rate
- GR0000 Student accountable in this LEA
- Students the LEA is educating and or responsible for educating
- Students who are sent to a Special Education Coop
  - Sent to SE
- STEM District students count back to the resident district
  - STEM Building students count at both the building and district at the <u>educating</u> district
- Denominator Flag is set to Y for these students

Do not count in this LEA's Graduation Rate

- GR9997 Student accountability moved to another LEA

Withdrawal Override (FC) Record

Student reported as withdrawn to another district but remains in the withdrawing district's cohort

- SSIDs whose withdrawal was reported with an incorrect date or reason in a prior school year, and SSIDs for whom the EMIS reporting entity has received new information since the withdrawal was reported which indicates that the withdrawal reason should be updated in order for the student to properly count within the longitudinal graduation rate
- Report a Student Withdrawal Override (FC) Record in 22G to report a correct withdrawal code
- Retain documentation to support this change

SSIDs and the Graduation Rate

- When a student moves from one LEA to another, the subsequent LEA must report the student with the same SSID as the prior district

- When a different SSID is reported by the subsequent LEA, the student will appear in both LEA graduation rates as he or she appears to be two different students

- If the prior district discovers that the withdrawn student remains in their graduation rate after their ability to report the student to EMIS has closed, they should delete (aka deactivate) their SSID on the SSID website and link it to the SSID being reported by the subsequent educating district

Quick Check

Graduation Cohort Reports allow districts to verify cohort members and to calculate their graduation rate for current cohort and future cohorts. These reports should be reviewed carefully to verify that all students are counting correctly.

- Are the students counting in your graduation rate correctly?

- Are you able to calculate your graduation rate?

- Have you reported Withdrawal Override (FC) Records as needed?

CTE Grad Cohort Reports

CTE Grad Cohort Reports

- Generated for traditional districts, community schools, STEM districts, and JVSDs

- Are very similar to the Grad Cohort Year Status reports and contain additional CTE related data
  - JVSDs receive these reports

- Contain students who met the definition of a CTE Concentrator by graduation cohort
  - Students appear as accountable or in some cases, not accountable to the LEA
  - Students appear as accountable at only one LEA
  - The CTPD has no bearing on who shows up on the reports

- Data will be used as part of the CTE Local Report Card

- Student accountability moved to another LEA
- Student is a CTE Concentrator in the district, but the district is not the accountable LEA
- When a CTE Concentrator completes courses at more than one district during the school year, a tie breaker is used to determine which district is accountable for the CTE Grad measure.
    - First tie breaker-The district that has the greatest amount of actual CTE FTE generated for the student is the accountable district.
    - If the generated CTE FTE is the same for both districts than the second tie-breaker is completed.
    - Second tie breaker- The district that has the greatest amount of credit reported for the student is the accountable district.
- The district that is *not* accountable receives the CG9997 result code

EMIS

Diploma Date Element Definition

- The Diploma Date reported should be the date that students completed graduation requirements and finished formal secondary education. In most cases, that will be the last day of school for seniors.

- Current rules are to allow graduates from the first day of school up to the day before the start of the next school year (using the date at which 50% of the school year start dates of all the calendars reported for a district); this data is loaded into REF_ORG_CAL and is used throughout the Graduation manifest. (EMIS Change 21-95)

- For students with disabilities, the diploma date is the date that students completed their IEP goals and received a Free Appropriate Public Education (FAPE).

Diploma Date Clarification, cont'd

- Per ODE-
  - The rule is to use the date that is one day before the date when at least 50% of the schools become "open"
  - For example, if a district has 10 schools and one opens in July and all the others open August 15th, it's August 15th when they hit at least 50% being open, and thus the day before (August 14th) is the last day a student could graduate and be counted as being 'on time'.
- Verify that students are counting in the graduation rate as expected

- Diploma reported but no 99-withdrawal code reported (Informational)
  - Is the student a graduate and the reporting of a diploma is correct?
  - If not, remove the diploma date
  - If yes, then see the following steps to troubleshoot
  - For the following examples, End of Year Student Collection (FY22) is closed and Beginning of Year Student Collection (FY23) or SOES Beginning of Year Student Collection (FY23) are open

Filter by Result Code, cont'd

- Student withdrew on or before the last day of school for 21-22 and a withdrawal code of 99 was not reported
  - Cannot report a Student Withdrawal Override (FC) record in 22G with a code of 99
    - FC record in Graduate Collection can only be used with withdrawal codes 40, 42, 43, 45, 46, 48, 51, 52, 81
  - Report a Student Withdrawal Override (FC) in 23S
    - Will clear the student from the Missing Student report in 23S
    - Will also clear up the GR4001 result code

- Student is a summer graduate, after the last day of school for 21-22 and before the first day of school for 22-23
  - Report the student's withdrawal in FY23S

Filter by Result Code, cont'd

Another situation that could cause the GR4001 result code

- The diploma is reported, and the student has been withdrawn but the withdrawal code is not a 99

- Example: The student dropped out in February and was withdrawn with a 7x withdrawal code

    - The student shows up at the end of school and asks the district to accept credit for online classes the student took from a non-EMIS entity after the student dropped out

    - The district gives credit for the courses and issues the student a diploma

    - The district would report the student as a graduate but would not change the withdrawal code, so there would not be a 99-withdrawal code reported

- Student does not meet any pathway – See Pathway Flags (Warning)
  - This check is looking at a file that is created when the Grad Cohort Pathway reports are updated in Received Files
  - Grad Cohort Pathway Reports are not updated nightly
  - Only looks at the Ohio's State Test Pathway, the College and Career Readiness Test Pathway, and the Industry-Recognized Credential and score on Workforce Readiness Test Pathway

Quick Check

The Grad Issues report provides checks that can be used to verify graduation data. The report should be reviewed often as it is updated nightly and could change based on another LEA's reporting.

- Have your graduates been reported with correct diploma dates and withdrawal dates?
- Have you investigated each student on the report to verify data accuracy?
- Are you saving your work between report reviews?

Graduation Gen Issues Reports

Gen Issues for LEAs reporting Graduates

- Level 2 Reports in the Graduate Collection

- Appear only for the LEAs for which the check applies

- Typically, are generated 6 to 8 weeks prior to the end of the close of the collection and are generated once or twice per week

- Refer to the (GNIS-xxx) General Issues Report Explanation for additional information regarding these checks

- When a Gen Issues check appears, review the data and make corrections as appropriate. If the data is already correct, then ignore the check

EMIS Alliance

Gen Issues 4yr and 5yr Checks

- Four checks on the 4YR Graduation rate and the 5YR Graduation rate
  - Graduation rate is equal to zero
  - Graduation rate is greater than or equal to 100%
  - Graduation rate is appearing as a null value
  - Graduation rate has changed 5% or more since the previous year
- Contact Adam Schiming for assistance if needed
  - adam.schiming@education.ohio.gov

Additional Gen Issues for DPR Schools

- Two checks on 6YR, 7YR, and 8YR Graduation rates for dropout recovery community schools*
  - Graduate rate is equal to zero
  - Graduation rate has changed 5% or more since the previous year
- Contact Karlyn Geis for assistance if needed
  - karlyn.geis@education.ohio.gov

Quick Check

Gen Issues reports are generated by offices outside of EMIS. They are intended to help LEAs identify potential issues with their data. Investigate the issue and contact the appropriate ODE contact for assistance as needed.

- Are you receiving Gen Issues reports in your Graduate collection level 2 reports?
- Are you able to identify if the issue is just stating a fact or if further investigation is needed?
- Do you need to reach out to the ODE contact responsible for the Gen Issues check?

Graduation Cohort Pathway Reports

  - AP – Advanced Placement Assessments*
  - GE – End of Course Tests*
  - GW – Industry Credential
  - GX – High School Alternate Assessment (OGT)
  - IB – International Baccalaureate Assessment*
  - WK – WorkKeys Assessment
  - SA – Scholastic Aptitude Test
- Report substitute tests that are used in the Ohio's State Test Pathway
  - CCP course grades substitution for End of Course tests in certain subjects
  - Some subject specific AP and IB assessments are also considered to be substitute tests

Quick Check

Graduation reports contain EMIS data that is used to determine if the student has met one or more graduation pathways. The data should be reviewed now to look for additional EMIS data that still needs to be reported.

- Are all expected 2022 cohort students appearing on the pathway reports?

- Is there EMIS data missing from the report that needs to be reported?

- Are these reports being shared with others in the district to verify accuracy and completeness of the data?
