

Troubleshooting the Teacher Licensure Course Status Report

The Ohio Department of Education funds development of EMIS training materials as part of the EMIS Alliance grant. There is an expectation that ITCs will utilize these materials in training provided to your districts. That said, there are restrictions on use of the EMIS Alliance materials as follows: Materials developed as part of the EMIS Alliance program must be provided at no cost to your training participants. If you utilize the EMIS Alliance training materials – in whole or in part – you must not charge participants a fee to attend the class where the materials are used. Likewise, you may not use the materials or any portion thereof in any event where a fee is charged to attend. Exceptions must be approved in writing by the Department of Education in advance of scheduling/promoting any event which may violate these restrictions.

Questions regarding appropriate use of EMIS Alliance materials, or requests for exception to the restrictions noted above, should be directed to Melissa Hennon [Melissa.Hennon@education.ohio.gov].

Overview

- Teacher Licensure Course (TLC) Status Report
 - Includes all courses reported to EMIS and the proper certification status of the teacher of record
 - Is generated for all EMIS reporting entities and updated nightly
 - Is used to provide data for Local Report Cards (LRC), certain state and federal funding, and for ODE program evaluation and planning
- This presentation will focus on troubleshooting the TLC Status Report, which is generated during the Initial Staff and Course (L) Collection

Certification Data on LRC

The LRC contains data from the Initial Staff and Course Collection that is used to populate the school or **district details**

Your District's Teachers

Attendance Rate	Average Salary	Avg. Years of Experience	Lead or Senior Teachers
94.2%	\$60,254	18	0

<https://reportcard.education.ohio.gov>

	All Schools in the District	High Poverty Schools	Low Poverty Schools
Percentage of teachers with at least a Bachelor's Degree	100.0	0.0	100.0
Percentage of teachers with at least a Master's Degree	66.6	0.0	70.5
Percentage of inexperienced teachers	3.6	0.0	2.4
Percentage of inexperienced principals	33.3	0.0	16.7
Percentage of teachers who are not teaching in the subject or field for which the teacher is certified or licensed	0.8		0.6
Percentage of teachers teaching with temporary or conditional credentials	0.0		0.0

A district's high poverty schools are those ranked in the top quartile based on the percentage of the district's economically disadvantaged students. Low-poverty schools are those ranked in the bottom quartile based on the percentage of economically disadvantaged students. A district may have buildings in both quartiles, in just one quartile, or in neither quartile.

TLCS Data Uses

- **ODE Federal Programs Office** to audit the use of Title I Funds to generate the **ESSA State Licensure Assurances Report**
 - 20###L_PRIN_ESSA_Licensure_Assurances_<file date>.pdf
 - Arrived as a *Received* file in FY22 in February 2022
 - Displays all core courses, by staff member, and building
 - Report contains instructions and *ODE contact information*
 - See EMIS Validation and Report Explanations > File Descriptions on the ODE website for additional information
 - ESSA requires schools and programs receiving Title I funds to ensure that all teachers and paraprofessionals working in a program supported with these funds meet applicable State certification and licensure requirements
 - Wrong staff name on ESSA report?
 - two districts report the same state ID but with different names attached
 - Incorrect name does not impact actual data since ODE only uses State Staff ID

TLCS Data Uses, cont'd

- By the **ODE Office of Educator Effectiveness** to provide districts the **Equitable Access Analysis Tool** to use for Title I equity planning
 - Contains Percent and FTE of teachers who are not properly certified
 - Same as last year, districts will access this via the ***SDC in January***
 - Uses previous year's data – FY22 reporting will be used by your district in FY23
 - Questions – equity@education.ohio.gov
 - Local equitable access planning requirement in the ED STEPS
 - The tool allows educators to identify where, and to what extent, any inequities in access to excellent educators exist

Quick Check

The TLC Status Report is updated nightly and should be reviewed throughout the Initial Staff and Course Collection. Data on your report could appear based on another entity's reporting, so review the report even when you are not reporting any changes.

- Are you using the most recent version of the report?
 - TLC
 - ESSA State Licensure Assurances
 - Equity Analysis
- Have you corrected Level 1 Validation errors, excluded records, and missing staff?
- Are you able to open and format your TLC Status report?

Understanding the TLC Status Report

TLC Status Report Data

- Data from the following collections are used to generate the TLC Status Report
 - Staff and Course (L) Collection - Initial
 - Final Calendar (C) Collection
 - Beginning of Year Student (S) Collection
 - Midyear Student (S) Collection
 - SOES Beginning of Year Student (S) Collection
 - SOES End of Year Student (S) Collection
- **Verify data is correct and complete in ALL noted collections**
- Report is generated nightly with data submitted by 5pm throughout the Initial Staff and Course Collection
- The TLC Status Report is finalized at the close of the Initial Staff and Course (L) Collection

TLC Status Report Data

Contains one row per Local Classroom Code

- First 11 columns include:
 - Location IRN of the building where the course is being taught
 - Subject Code, Description, and Local Classroom Code
 - Teacher of Record and State Staff ID
 - Blank or incorrect staff name
 - CJ record issue – not reported by another EMIS reporting entity (example: ESC)
 - Could be due to upper- and lower-case letters in state staff ID - Verify ID
 - Create helpdesk ticket to ask ODE about blank or missing names if needed

Verify Staff and Courses

- Do not focus on errors only; review the entire report for accuracy and completeness
 - Are all building IRNs appearing on the report?
 - Are all teaching staff appearing as they should?
 - Are all courses for each building appearing on the report?
- Remember that total courses are the denominator for Local Report Card staff percentages, so it's important that every course is accounted for

Teacher of Record

- The teacher who appears on the TLC Status Report is based on
 - Teacher with greater amount of time teaching the course
 - Multiple teachers teaching the same amount of time
 - Uses first teacher the report finds who is properly certified
 - If none are properly certified, the report uses the first teacher it comes to
 - It could change from report to report depending on the processing order
 - No proper credential found
 - Uses first teacher reported on the course
- See ODE ITC EMIS Training November 2021 & 2022 for additional information
 - <https://education.ohio.gov/Topics/Data/EMIS/EMIS-Resources/EMIS-Training>

Course and Calendar Dates

- Dates are used to determine a “course calendar”
 - Grade Schedule (DL) Record - First and Last Day of School
 - Course Master (CN) Record - Course Start and End Date
 - Staff Course (CU) Record - Staff Course Start and End Dates
 - Student Course (GN) Record - Course Enrollment Start and End Date
- The “course calendar” is then used to determine
 - Teacher who was with the course the longest
 - Students who are counted as being in the class
 - Location IRN is used for course calendar assignment
- Misaligned dates can cause teachers to appear as not properly certified

Location IRN

The building IRN where course is being taught

- District IRN should not be reported as the Location IRN
- Applies to LEAs that have both district and building IRNs
 - Traditional Districts
- Refer to reporting instructions in the EMIS Manual for Location IRN in section 4.2 Course Master (CN) Record
- Filter TLC Report for Location IRN
 - Unselect local building IRNs
 - Verify Location IRN's reported outside of District
 - Local district IRN should be changed to building IRN (when applicable)

Location IRN

A few exceptions (not a complete list)

- IRN of college who is granting credit for CCP course
- For CCP Course with delivery method of CP report the IRN of the location of the course per the CTE-26
- IRN of the location of the JVSD satellite course
- IRN of the building associated with the preschool license
- See additional reporting instructions for the Location IRN in the 4.2 Course Master (CN) Record section of the EMIS Manual

Special Ed vs Regular Student Population

Student population reported based on the content/structure of the course

- If modified for special education population, report with an **SE student population**
 - Teacher must hold a special education license to appear as properly certified for an SE course
 - Certification and Licensure Search does not include courses coded with a student population = SE
 - *As far as the TLC Status Report is concerned, someone with a special ed license can teach any subject in a special ed classroom*
- If not modified for special education population, *report with an **RG student population***
 - Teacher must hold a regular education license to appear as properly certified for an RG course
- Do NOT modify student population to remove an error
- Always report “What is”

TLC Status Report Columns, cont'd

Far right columns contain

Reported TLC IRN

- IRN of the building where this course will be used in the calculation of the percentage of core courses taught by properly certified/licensed staff
- Local, exempted village, or city school districts can report the IRN of one of their own buildings but should not report their district IRN for the TLC IRN
- Refer to EMIS Manual 4.3 Staff Course (CU) Record to review all reporting instructions for this element

Reported TLC IRN, cont'd

- When contracting a teacher of record from an EMIS reporting entity
 - Two common situations-
 - Contracted teacher is teaching only your students in a course in your building
 - Report the building IRN as the TLC IRN (same as Location IRN)
 - Contracted teacher is teaching students from multiple districts
 - Report the district IRN of the contracted entity (Location IRN is building where class is being taught)
- See 4.3 Staff Course (CU) Record section of the EMIS Manual for additional reporting instructions

Reported TLC IRN, cont'd

- Courses reported with a TLC IRN of another EMIS Reporting LEA should appear on both LEA's TLC Status Reports when reported correctly
 - Contractor Staff Employment (CJ) Records are required to be reported by the entity employing the staff member but are not needed for the course and staff to appear on both contracted entity's TLC Status report
- Work with contracted EMIS Reporting entities to verify that teachers and their courses are appearing correctly
- Reporting Example
 - District A reports courses
 - ESC reports CJ record

Staff Provider IRN

Reported on the Staff Course (CU) Record

- District IRN of the EMIS Reporting entity who employs the contracted staff
- Cannot be an IRN of a Non-EMIS Reporting entity
- Should be reported as ***** if the staff member is not being contracted from another EMIS reporting entity
- Must be reported when the entity reporting the course is not reporting Staff Demographic (CI) and Staff Employment (CK) records for the staff member
- Filter on Staff Provider IRN to verify accuracy of reporting
 - Unselect *****
 - Verify remaining Staff Provider IRN for accuracy

Quick Check

The TLC Status Report uses a wide variety of data from many different collections. Taking time to verify that EMIS data is correctly reported will result in a clearer, more accurate TLC Status Report.

- Have you reviewed your EMIS data for accuracy and completeness?
- Are all courses and teaching staff appearing on the report?
- Have you shared the data with staff who can assist with data verification?

Certification and Licensure Search

This resource was created to assist districts in validating data that appear on the Teacher Licensure Course (TLC) Status Report generated by EMIS. For a list of the current subject codes, please see EMIS Manual Section 4.7. *This search has been updated for FY22.*

[Search for Regular Teaching Certificates and Licenses](#)

This search is for situations where a course master has been submitted and the student population is PR or RG (i.e., regular education courses). Every permissible combination is not found in this search. For instance, situations in which a teacher is required to have multiple teaching fields or multiple credentials do not appear.

Note that the general rule for elementary credentials (i.e., Kindergarten-Primary (KP), Kindergarten-Elementary (KE), Elementary (EL), Early Childhood (EC)) allows the teachers who hold these credentials to teach any course within the relevant grade range. These situations are not reflected within this search tool. An exception to this rule is for those initially hired on or after July 1, 2013, to teach physical education. These teachers must be licensed in PE and are included in this search tool.

For questions regarding Invalid_Cert reports, please contact EMIS via the helpdesk. For questions regarding teacher assignments, please contact the Office of Educator Licensure.

Quick Check

The TLC Status Report checks against the CORE database to determine if a teacher is properly certified to teach a specific course. Searching the database can aid in troubleshooting the report.

- Are you able to use the CORE Educator Search Tool to view certification data?
- Can you search using the Certification and Licensure Search by certification or subject code?
- Are you involving your district's Human Resources staff in this process?

TLC Status Report Result Codes

Properly Certified Result Codes

- **Filter on TLC Result Code TL0001 (Informational)**
 - Core Course
 - Proper Cert Flag = Y
- **Filter on TLC Result Code TL0002 (Informational)**
 - Not Core Course
 - Proper Cert Flag = Y
- Verify the data to be correct and complete

Not Properly Certified - No Students in Course

Filter on TLC Result Code TL0005 (Critical)

- Student Grade Count columns for this course will contain blank values
- Verify that no students are enrolled in the course
 - These courses will not negatively impact the LRC and can be reported, however, the row will remain as a critical
 - These courses could negatively impact CTE funding. If this is a future term course, schedule students into the course or you will need to request an override from CTE if it is not CTE FTE funded

Not Properly Certified - No Students in Course, cont'd

Continue filtering on TLC Result Code TL0005 (Critical)

- Are there students being reported as enrolled in the course?
 - Check the dates to be sure they are aligned
 - Calendar start and end dates
 - Uses the most common calendar dates for the majority of students in the course
 - Course Master (CN) Record start and end dates
 - Staff Course (CU) Record start and end dates
 - Student Course (GN) Record enrollment start and end dates
- If there are truly no students enrolled in the course at any point during the school year and this is not a CTE course, then result code can be ignored

Not Properly Certified – Credential/Course

No Current Credential or Incorrect Student Population

Filter on TLC Result Code TL0006 (Fatal)

- Staff not certified to teach this subject code or student population
 - Check certification to see if they can teach the subject code
 - Check the student population, is it correct?
 - Check the students who are enrolled in the course to verify that they align with the student population element
- Filter by that staff member to see all courses and student populations to verify

Not Properly Certified – Credential/Course, cont'd

Could be a career technical course that requires an override

- VM overrides are now automated
- Questions regarding CTE overrides can be sent to
 - CTETeacherOverride@education.ohio.gov
- Will continue to be not properly certified on the TLCS Report

Not Properly Certified – Credential/Course, cont'd

- ODE ITC EMIS Training (Nov. 2022) Q/A
 - Q1. IF a CTE teacher is on the TLC Status Report as not properly certified, do we need to request a CTE override for that teacher?
 - *A1. Remember that the override allows the funding to flow but does not change that the teacher is not properly certified. These overrides impact your CTE FTE report, not your Teacher Licensure Course (TLC) Status Report; teachers will continue to appear as not properly certified even when an override is granted.*
 - Q2. I have teachers teaching courses without the appropriate credential. In the second semester, the teachers will change to those with proper licensure. Will that be reflected correctly in the Final Staff and Course (L) Collection?
 - *A2. Yes, the Final Staff and Course (L) Collection will have those teachers reported; however, remember that the TLC Status Report only uses data reported in the Initial Staff and Course (L) Collection. If the teacher change is not reported in the initial collection, the new teacher will not be reflected on the report.*

Not Properly Certified - Substitute

Substitute Credential for traditional districts

Filter on TLC Result Code TL0007 (Fatal)

- A long-term substitute can appear as properly certified when reported by a community school
- Substitute teachers who are providing instruction and assigning grades should be reported as the teacher of record, even if the teacher will be returning

Quick Check

The TLC Status Report performs teacher certification checks using your EMIS data, as well as data from other LEAs, against the CORE database. Verify that your data is correct prior to the close of the Initial Staff and Course Collection.

- Are you reviewing the TLC Status Report regularly?
- Are you reporting data accurately to EMIS?
- Are you working with district staff to verify the data?

Summary

- The TLC Status Report contains both data to verify and issues to correct
- Some issues can be corrected, and some are simply stating the fact
- Work with district staff to verify that the data is both correct and complete
- “No errors” does not necessarily mean that your data is complete and accurate
- Use Excel functions to make troubleshooting easier
