- 6 to 21-year-olds = still count as school age

Impact of Changes on Least Restrictive Environment (LRE)

- Age *and* grade level determine expected LRE
- 3 to 5-year-olds in preschool = preschool LRE outcome
- 4-year-olds in kindergarten = preschool LRE outcome
- 5-year-olds in kindergarten = school age LRE outcome
- 6 to 21-year-olds = school age LRE outcome
- Updated October 31 IEP Outcome (FN270) must be reported if current IEP outcome is not age appropriate

Preschool Disability Condition

- Temporary change: kindergarten students can be reported with “16 – Developmental Delay” through December 1, 2020 (EMIS Change 21-54)
- Permanent change: 6-year-old preschool students can be reported with “16” through December 1 (EMIS Change 21-55)

Career Technical Education

Concentrator

- Work-force development is part of the course completion definition
 - Not stated in concentrator definition
 - Outlines which courses count towards concentrator status
- Students who achieve concentrator status in more than one district will be in the March Follow-up file at the last district reporting aligned coursework

Completion

- A student who satisfies either of the conditions is considered to have completed the course
 - Enrolled for 90% or more of the course, regardless of pass/fail/earned credit
 - Earned full or partial credit
- Partial credit awarded at the semester will indicate completion and will count toward concentrator status

CTE-26

- Districts can use the CTE-26 app through the OH|ID portal to search for applications up for renewal
 - Email will go out late October to notify districts with applications set to expire
 - EMIS coordinators will be included
- Districts are not limited to courses outlined in the CTE-26
 - Must be aligned to an approved program

Level 2 Reports – Collections

- Use as a reference to verify student on track to be considered a concentrator in the correct program
- Look up by SSID and filter on student's POC
 - Are assessment counts complete and accurate?
 - Is the ODE-calculated summative score accurate?
- Update reporting as needed
 - Submit additional assessments
 - Correct Program of Concentration reporting

(ICAC-001) Industry Credential Administrative Conflict

- More than one entity requesting reimbursement for Industry Credential within the same year
 - Required Test Type of “IPD”
- Resolved when district not seeking reimbursement changes Required Test Type to “INP” or does not report
- Once all conflicts are resolved in specified collection, the report will no longer be generated

OEDSA Q & A

Calendar, 1

Q1 *Should calamity day and blizzard bag be reported for remote learning days as we did in the spring?*

A1 No. For the 2020-2021 school year, calamity days and blizzard bags should be reported based on regular guidance in place before the statewide building closure last spring.

Q2 *Should a calamity day be reported if school closes due to fog?*

A2 If the closure was due to unforeseen circumstances and all instruction cancelled, report as a calamity day. If students were directed to use blizzard bags during the closure, blizzard bag should also be reported.

Calendar, 2

- Q3** *Should days that a building was closed due to COVID be reported as calamity/blizzard bag days if the building switches to online/remote learning?*
- A3** No. Only report calamity day for days when no instruction – face-to-face or online – was provided due to an unforeseen closure. If students were directed to use blizzard bags, report as blizzard bag days.

Attendance

Q4 *How should attendance be reported for virtual learning?*

A4 EMIS reporting has not changed. For policy guidance, see the Attendance Considerations for Remote Learning Plans information at the Reset and Restart webpage:

ODE Home > Topics > Reset and Restart > Planning for Blended or Remote Learning > Attendance Considerations for Remote Learning Plans

Q5 *In some cases, remote learning instructional hours may not equal face-to-face hours. How should this be approached in relation to HB410?*

A5 See the information referenced above in **A4**.

Certification, 1

Q6 *Will long-term substitute becoming teacher of record guidance be added to the special COVID section of the EMIS Manual?*

A6 Yes. In prior years, the Position Code for a long-term sub as teacher of record had to be changed from 225 to 230. For FY21, no change is needed. The fatal error will return for FY22.

Q7 *Will a long-term substitute reported with Position Code 225 who becomes teacher of record still need to meet certification requirements?*

A7 Yes. This temporary reporting change does not make someone with only a substitute license properly certified. See the Reset and Restart webpage for more information.

Certification, 2

Q8 *Will the TLC Status Report be updated to consider the provisions that teachers can teach grade levels and subjects they are not certified in?*

A8 Yes, these staff will show on the report as validly certified. There will be an additional Check Type Code option to indicate courses valid due to flexibility.

Q9 *Will the proper certification process ever continue beyond the close of the Initial Staff and Course Collection?*

A9 This is a business office decision. Currently, there is no plan to extend the timeframe.

Assessments, 1

Q10 *How should FY20 EOC course grades be reported in FY21 with Score Not Reported option of W if the student withdrew before the start of the new year?*

A10 Scores for withdrawn students should be reported by the next district. Prior year EOC assessment data can be reported in any collection that includes the EOC assessment.

Q11 *Should final course grades be reported as EOC test scores?*

A11 Yes. For guidance on course grade substitution, go to:

ODE Home > Topics > Integrated Student Supports > Coronavirus (COVID-19)
Information for Ohio's Schools and Districts > Graduation Flexibility – 2021 and Beyond

Assessments, 2

Q12 *Are districts expected to give assessments to students instructed virtually or will they be excused from testing in the fall?*

A12 If new guidance becomes available, it will be shared on the Reset and Restart webpage.

EMIS Changes, 1

Q13 *Will KG students need a new IEP in place as of December 2 if the prior IEP was written for Disability Condition “16 – Developmental Delay”?*

A13 IEP/ETR policy questions should be directed to the Office of Early Learning and School Readiness. That said, a KG student’s ETR with the preschool disability condition will generate a fatal error after December 1.

Q14 *Can EOC course grades be reported as test scores for FY20 graduates?*

A14 No, these records cannot be reported in the FY20 Graduation Collection as this was an FY21 change.

EMIS Changes, 2

Q15 *Will work-based learning hours need to be entered manually or with program codes? Will other data be required?*

A15 Updated guidance for the CTE Workforce Development Follow-up (GV) Record can be found in EMIS Manual Section 2.12, version 7.1. Additional information is available at:

ODE Home > Career Tech > Career Connections > Work-Based Learning

Data Quality

Q16 *Will FY20 Data Review windows be extended?*

A16 Review windows are not extended, but reviews can still be completed and submitted late, even though the deadline data has passed. The list of districts that have submitted data reviews posted on web will not be updated after deadline. However, districts can see the completion status in the OH|ID portal app.
