The only change needed on this page is to change the "Mapping Adapter" field from "Disabled" to "Google Maps". Select "Google Maps" from the drop-down list in this field. Click Submit.

How to get Polyline Data:

Go to: <u>http://www.mapboundary.com/Ohio.aspx</u>

Scroll down this page to "Ohio Unified School Districts"; locate your district and click on it.

When the map of your district's boundary appears, place your mouse in the white space on this page and right-click. Select 'View Source' or 'View Page Source'.

Search this page for a string of characters inside double quotations, found just **after** this string:

polygons.push(new google.maps.Polygon({ paths: [getPointArray("

Select only the characters between the double quotes!

Here is an example:

polygons.push(new google.maps.Polygon({ paths: [getPointArray("ogxzFrvaa0?afFyfC|@iUyh@Fya@wVFW}j@{X?Ase@nXGoAepIwgCII}^M{aC|yB_CnM}FWooBdYABp|@` {CuCntD_@@zR{NCLd_AtNOV|_CrWk@@v[tqIw@l@jpG?1_@l@jmECrb@XhmDmwFq@a0DgxGo@")], strokeColor: "#ff0000", strokeOpacity: 1.0, strokeWeight: 1, fillColor: "#ff0000", fillOpacity: 0.01})); labels.push("HOLGATE LOCAL SCHOOL DISTRICT");

In the above example, only the highlighted text is selected.

Copy this string and paste it into the District Boundary box on the District of Residence page. Click "Submit". District Office: District > Districts of Residence > select the district.

Example:

Edit District of Residence
