Click the **Select Default Graduation Pathway** to set a default tab to display when accessing this student in the future. Choices are Legacy Requirements, Class of 2021 and 2022, or Permanent Requirements. To mass update the Graduation Pathway, select the appropriate group of students and use the function *Student Field Value* to update all the students in the selection. The applicable values for the field S_OH_STU_Grad_X.default_gradpathway:

- Enter "Legacy" for Legacy Requirements
- Enter "Interim" for the Class of 2021 and 2022
- Enter "Permanent" for Permanent Requirements

Select the tab that is appropriate for the student based on what rules the student must follow to earn an Ohio Diploma.

- **Legacy Requirements** - for students who fall under graduation rules prior to the class of 2021.
- **Class of 2021 and 2022** - for students who fall under graduation rules for the classes of 2021 and 2022.
- **Permanent Requirements** - for students who fall under graduation rules for the classes of 2023 and beyond.

Note:

- The ACT Reading uses Fiscal Year Began 9th Grade from the State/Province - OH page FN tab to determine if a passing score is 21 or 22 based on when the student first entered 9th grade for students graduating under the Legacy option.
- The Year of Graduation from the Scheduling Setup page is used to determine which rules to apply based on graduation year.

The Legacy Requirements tab includes sections to indicate progress on Ohio State Tests, College Admission Tests, and Industry Credential and Workforce Readiness. This information has not changed from the first iteration of Graduation Pathways.

All three tabs include the **Other Graduation Options Met** button. Using one of these options will override calculations and cause a Graduation Requirements Met - Other section to appear with a green checkmark to indicate the student has met graduation requirements.

- Click the **Other Graduation Options Met** button. Different options display based on the three tabs.
  - The Legacy Requirements tab displays:
    - Option 1 - Class of 2018, 2019 or 2020 only
    - Option 2 - Class of 2018, 2019 or 2020 only CTE programs
    - Alternate Assessment Student
    - Other - District decision

The Class of 2021 and 2022 tab includes a Three Pathways section and a Permanent Requirements section since the classes of 2021 and 2022 can earn a diploma under either of those requirements.

The Permanent Requirements tab includes only Competency and Readiness tabs as students in the graduation class of 2023 and beyond must meet these requirements.

- Click the **arrow icon** for Competency requirements. This is the same information as outlined in the Class of 2021 and 2022 tab.
- Click the **arrow icon** for Readiness requirements. This is the same information as outlined in the Class of 2021 and 2022 tab.

All three tabs include a **Core Credits** Section:

- Click the arrow icon to open the **Core Credits** section. The information displayed indicates the student's progress toward meeting Ohio's specific requirements for 20 credits. The data displayed comes from Historical Grades for courses that have earned/potential credit, the student's current schedule, and the State/Province - OH page, FN tab for Core Economics, Fine Arts, and Physical Education Exemption. A link to the student's Graduation Plan Progress and Graduation Progress is provided. Click on one of these links to open the page in a new tab.
  - A red X indicates the student has earned no credits in the core area.
  - An orange up-arrow indicates that some, but not all requirements are met in that core area.
  - A green checkmark indicates the requirements are met for the core area.
  - Click on the Core Area to view the courses where credit has been earned and for the courses in progress.

Ohio State Tests ✔

A non-transfer student is required to earn a cumulative passing score of 18 points with a minimum of 4 points from Math, 4 points from English and 6 points across Science and Social Studies to satisfy the Ohio State Tests Graduation Pathway. Once the default minimums have been met, the additional required points may come from any of the categories.

A Transfer in student (FA assessments with Score Not Reported reason of Y)

▾ Ohio State Tests - Transfer Student ✔

Students who transfer into a district from out-of-state and students previously home-schooled with no previous test scores will have their minimum graduation point requirement prorated. Regardless of the tests remaining, at minimum, these transfer students must take the English II and either the integrated math II or geometry end-of-course tests and earn a minimum of five points across the two tests to graduate. Note: Math II, Geometry and English II cannot be transferred as students must take these exams according to the Ohio Department of Education. If FA "transfer" records are found for these exams, a line will display with Cannot Transfer in the Performance Column and no points will be deducted from the total points required. Explain

▾ Industry Credential And Workforce Readiness ✔

In order to qualify for a diploma under the credential pathway, a student needs to do 2 things: Earn an industry-recognized credential or credentials worth 12 credential points in a single career field and earn points across three WorkKeys Assessment tests, Reading, Applied Mathematics, and Locating Information. Students must earn at least three points on each of the 3 test sections. Students in the Classes of 2018 and 2019 must earn a total of 13 points across the three WorkKeys test sections; students in the Class of 2020 and beyond must earn a total of 14 points.

Competency Section

This section displays the student's progress toward meeting competency requirements. Read documentation found on the Ohio Department of Education's website for details regarding the ways in which a student can demonstrate competency. In general, a student must achieve a minimum score of 684 on the ELA2 and the ALG1 or MTH1 End of Course exams. After two unsuccessful attempts, a student can meet competency through alternate options. These alternate options display only after a student has completed two attempts at the End of Course exam and has not reached the minimum score in one or the other subject area. The alternative options are met when the student has at least one of the appropriate program codes entered in Student Programs.

520101	Alternative Competency College Credit Plus Requirement Met–English CCP course only
520102	Alternative Competency College Credit Plus Requirement Met–Math CCP course only

520110	**Military–Intent to Enlist** Student has documented intent to enlist in the military by sharing a completed Contract DD Form 4 with the district. ~~Alternative Competency Military Readiness Requirement Met~~
520200	Student enrolled in an Ohio public school for senior year after enrollment the prior year in a non-tax, non-public school, homeschooling, or an out-of-state school.

ODE ticket 105768 - We are using program code 520110 for military enlistment. This is reported on the GQ record and meets the requirements of military enlistment prescribed in the law for this particular measure. The military graduation seal includes students who participated in 2 years of JROTC – and there is no way to differentiate these students from those who actually enlist.

ODE ticket 103578 - According to HB110 (and the information I have received from the grad requirements folks), there will be a 4th alternative option added to demonstrate competency for students using the FY23 requirements for graduation. That 4th option will be a remediation free ACT/ SAT score. Currently, there is no program code for this option. Will ODE be adding that or will that be figured for students by ODE in the background based on ACT/SAT scores?

ODE Reply - There won't be a new program code for this. We'll be deriving it based on reported assessments.

** Do not know if the developers will have a DAT for tracking this or not.

Readiness Section

This section displays the student's progress toward meeting readiness requirements. There are 12 seals that can be earned to demonstrate readiness. A student must earn two seals, one of which must be a state-level seal.

- o Seals that a student plans to earn will display as "planned" under the status column when the seal's *plans to earn* program code is entered on the Student Programs page.
- o Earned seals will display as earned under the status column when the seal's program code is entered on the Student Programs page.
- o Not all seals have earned program codes, some are considered earned based on other data.
    - ▪ The College Ready seal is considered earned when a student's ACT or SAT scores reach the remediation free level.
    - ▪ The Honors Diploma seal is considered earned when the student's Diploma Type on the State/Province - OH page FN tab indicates an honors diploma.
    - ▪ The Industry-Recognized Credential seal is considered earned when a student has earned the minimum number of points in a career field based on Industry-Recognized Credential assessment data. **see Career Center Students below**

Graduation Seals Explanation ✖

All Seals require a Program Code to be entered in Special Programs to show as Planned

The following Seals require a Program Code to be entered in Special Programs to show as Earned:

- Biliteracy
- Citizenship
- Military Enlistment
- Technology
- Ohio Means Jobs
- Science
- Community Service
- Student Engagement
- Fine and Performing Arts

These Seals are derived from assessment data:

- Industry Credential
- College-Ready

The Honors Diploma Seal requires an honors diploma code (2,4,5,6,7 or 8) be entered on the FN tab of the State/Province - OH tab.

State Seals

Biliteracy (three program codes required to be "Earned")

510331	Student Plans To Earn Seal of Biliteracy Graduation Seal
510333	English Language Proficiency For The Seal of Biliteracy Graduation Seal Established
510336	World Language Proficiency For The Seal of Biliteracy Graduation Seal Established

   And at least one or more 601050 or 608014 through 608062

Citizenship

Technology

510171	Student Plans To Earn Technology Graduation Seal
510180	Technology Graduation Seal Earned

State Seals Continued…

College Ready

510371	Student Plans To Earn College-Ready Graduation Seal

This Seal is derived from ACT/SAT Assessment data on the FA tab

The ACT Reading uses Fiscal Year Began 9th Grade from the State/Province - OH page FN tab to determine if a passing score is 21 or 22 based on when the student first entered 9th grade for students graduating under the Legacy option.

The Year of Graduation from the Scheduling Setup page is used to determine which rules to apply based on graduation year.

Industry Credential

510211	Student Plans To Earn Industry-Recognized Credential Graduation Seal

This Seal is derived from Assessment data on the FA tab (GW and WK assessments)
There is no "Earned" Industry Credential Seal program code, ODE can derive this based on the FA records submitted for the student.

Honors Diploma

510451	Student Plans To Earn Honors Diploma Graduation Seal

The Honors Diploma seal is considered earned when the student's Diploma Type on the State/Province - OH page FN tab indicates an honors diploma (2,4,5,6,7 or 8)

Career Center Students – Industry Credential Seal "Earned" at Home Districts

If you'd like your Career Center students to show "Earned" in Grad Pathway and on your Transcript using the DAT's we provided (without a custom field) you will need to have the assessment records on your PowerSchool server in the FA tab for the students who earn the Industry Credential Seal.

To accomplish this (we are assuming the Career Center has reported the assessments and they are in ODDEX and that you and the Career Center are using the same SSID for the student) you search and select your Career Center students in your PowerSchool, then simply:

Do a quick export of the state_studentnumber field for those students, save it as a CSV.
Log into ODDEX then go to Records to Bulk Export

Choose GW (and or GY) for the Assessment type and or enter in any dates if needed, Click Choose File – locate your CSV file then click upload

Once you click upload – that will gather your records and create a file for you – save it to your computer – it will be named something like FA-irn-20220825074049-extract.txt (no need to open or edit the file)

From within PowerSchool – go to District on the left menu then to Data Import System then (FA) Student Assessment Record Import Choose ODDEX and Exclude from EMIS reporting then No and No and Browse for your file from ODDEX you just retrieved/created for the Career Center students then click Validate file and go from there

Import A File

Select a test type:	ODDEX ⌄
Exclude From EMIS Reporting:	Yes ⌄ Choose whether to exclude imported assessments from EMIS Reporting
Import Graduation Tests Only:	No ⌄ Choose whether to import only graduation tests
Ignore First Line:	No ⌄ Choose whether to ignore the first line of the file being imported
File to Import:	Browse... FA-043679-20220825074049-extract.txt
Run validation:	Validate File

You can then go to the FA tab to verify your records were imported and then you can go to Grad Pathway to see Seal Earned and then run a transcript if desired

Students enrolled in an Ohio public school for senior year after enrollment the prior year in a non-tax, non-public school, homeschooling, or an out-of-state school (admission reason 1, 2 or 3) require program code 520200. The export also includes Alg 1 and Eng2 scores. Students who transfer into Ohio public and chartered nonpublic schools in grade 12 and fail to attain a competency score in the Algebra I or English Language Arts II end-of-course tests are exempt from having to retake these tests prior to using an alternative demonstration to meet demonstration of competency. This is new for FY23.

If you are maintaining the student programs (program codes) for the planned and earn seals, we can assist you

with pulling this planned or earned data onto your transcripts using the DAT's for the Grad Pathway screen (so likely no custom fields). We can also work with you on the Competency piece. Some examples might be:

Lists only ALL State and Local Readiness earned – using default DAT text
