FY24 ODE Change – 24-116 – Count of Graduation Credits at Entry – will be in the November release – brainstorming.

 Count of Graduation Credits at Entry

Record Field Number	FN440
Definition	The total count of credits a student has earned toward graduation.

Valid Options

00.00 – 99.99

Reporting Instructions. Report the total count of credits a student has earned towards graduation as of the start of the current school year. For continuing students, this includes all credits earned as of the end of the prior school year and any credits earned over the summer. For students new to a school or district in the current school year, the count includes all credits earned by the student at prior schools and districts. Report for all students. Students who have not earned any credit toward graduation are reported with the default of 0000. Students who have earned any credit toward graduation are reported with something other than 0000, regardless of grade level.
