# Docks During Advance

- If you need to dock an employee and you know before the STRS Advance is processed, but after your last pay of June, the total amount can be entered during the Advance Processing in 'Payroll Payments – Future' using the Dock Pay Type.
- Once STRS Advance submission file has been processed, remove the dock from 'Payroll Payments - Future' before processing the next payroll. The dock should then be entered again at the appropriate time.
- If not known ahead of time, there will be a difference in STRS Advance Configuration and you will need to report the difference to STRS.
